June 2, 2018

Dear Friends of the BACC:

You are one of the important contributors who helped build Bay Area Community Council into the involved and effective organization that we are today. We'd like to bring you up to date on our recent activity and ask for your continuing participation and support.

We invite you to download a copy of our most recent *Report to the Community* which captures the results of our 2017 Envisioning the Future community summit; visit <http://bit.ly/2lxEWvU>. The report is a framework organizing the conference's ideas for community action into four focus areas with 20 specific recommendations. Board members are available to speak to various community groups about the conference and report. If you would like to schedule a speaker or get printed copies of the report for your group, please contact Steve Herro, our part-time Executive Assistant, office@bayareacommunitycouncil.org.

In the past few months, BACC has also sharpened its identity with a new vision to "engage community leaders in understanding and shaping the future of the greater Green Bay area." As always, we operate as a think tank, researching, analyzing and communicating with leaders to help our community strategically focus, engage and collaborate to address issues. Each month we connect with 800 community leaders through our newsletter to communicate what we learn. In the coming year, BACC will begin an exciting new project dedicated to developing, assessing and pilot testing workshops that will bring the best tools and processes for foresight analysis (futuring) to local organizations (not-for-profits, education, business and government).

We earn our credibility from the time, talent and energy that community volunteers invest in our work. And because we believe our work should be available to all at little or no cost, we have very little potential for earned revenue. Our modest operating budget is funded by contributions, beginning with our board members.

We are a small organization working collaboratively to make a big impact. As a 501 (c)(3) qualified charity, we ask you to consider making a tax-deductible contribution to allow us to continue that work. Any size donation is welcome. Visit <http://bit.ly/2y1qS8c> to reach a secure portal at the Greater Green Bay Community Foundation for online contributions. If you would prefer to donate by check, checks payable to BACC Fund may be mailed to Bay Area Community Council, 112 N. Adams, Green Bay, WI; 54301.

Thank you for your generous contribution in the past. We ask for your continued support.

Sincerely,

Paul Demuth, President

Randall Lawton, Development Chair
